

A photograph of a person standing in a forest, wearing a traditional Coast Salish outfit consisting of a wide-brimmed hat and a long, fringed cape. The person is facing away from the camera, looking into a dense forest of tall, slender trees. The forest floor is covered in moss and fallen leaves. The lighting is soft, suggesting a misty or overcast day.

Introduction to Indigenous Cultural Safety & Coast Salish History

Chilliwack Chamber of Commerce
March 2023

Intention Setting

My intention is to create a safe space for exchanging knowledge, conversations, and to support one another in solidarity. I come with an open heart and open mind and hope to be received in the same way.

I welcome questions throughout the session but will also leave time to address them at the end as well. You can do both!

1

PART 1

Why Indigenous Cultural Safety?

A photograph of a person, likely of Indigenous descent, wearing a traditional woven hat and a patterned poncho. They are sitting in a forest, looking upwards and to the side. The image is overlaid with a dark green tint.

“A bird doesn't sing because it has an answer. It sings because it has a song..”

-Maya Angelou

Terminology

- **Indigenous & Aboriginal Peoples** in the Canadian context are both used to describe the original peoples before the colonial country was formed
- **First Nations** peoples is a term that eventually replaced the term “Indian” in the 1970's. First Nations peoples are land-based nations that trace their heritage back to their traditional territory
- **Métis** Nation is made up of the descendants of Indigenous women and Euro-Settler men. The Métis are a distinct Indigenous nation with their own history, culture, languages and territories with deep historical roots in the three Prairie provinces
- **Inuit** live in communities across the Inuvialuit Settlement Region (Northwest Territories), Nunavut, Nunavik (northern Quebec), and Nunatsiavut (northern Labrador). The Inuit call this vast region Nunangat.

Semi-retired terms: Native, Indian, Ndn (used within the culture by those who identify)

Retired terms: Eskimo.

The Context for Indigenous Cultural Safety is about undoing Canadian Socialization

“While Indigenous children were being mistreated in residential schools by being told they were heathen, savages and pagans and inferior people -- that same message was being delivered in the public schools of this country.”

-Justice Murray Sinclair

This image from *Breastplate and Buckskin*, a Canadian history textbook used for several decades from the 1950s on, depicts Indian "warriors" "dressed as devils" who "pranced about" trying to scare Cartier. In response, the text claimed, "The Frenchman smiled."

Illustration: Vernon Mould, Upper Canada College

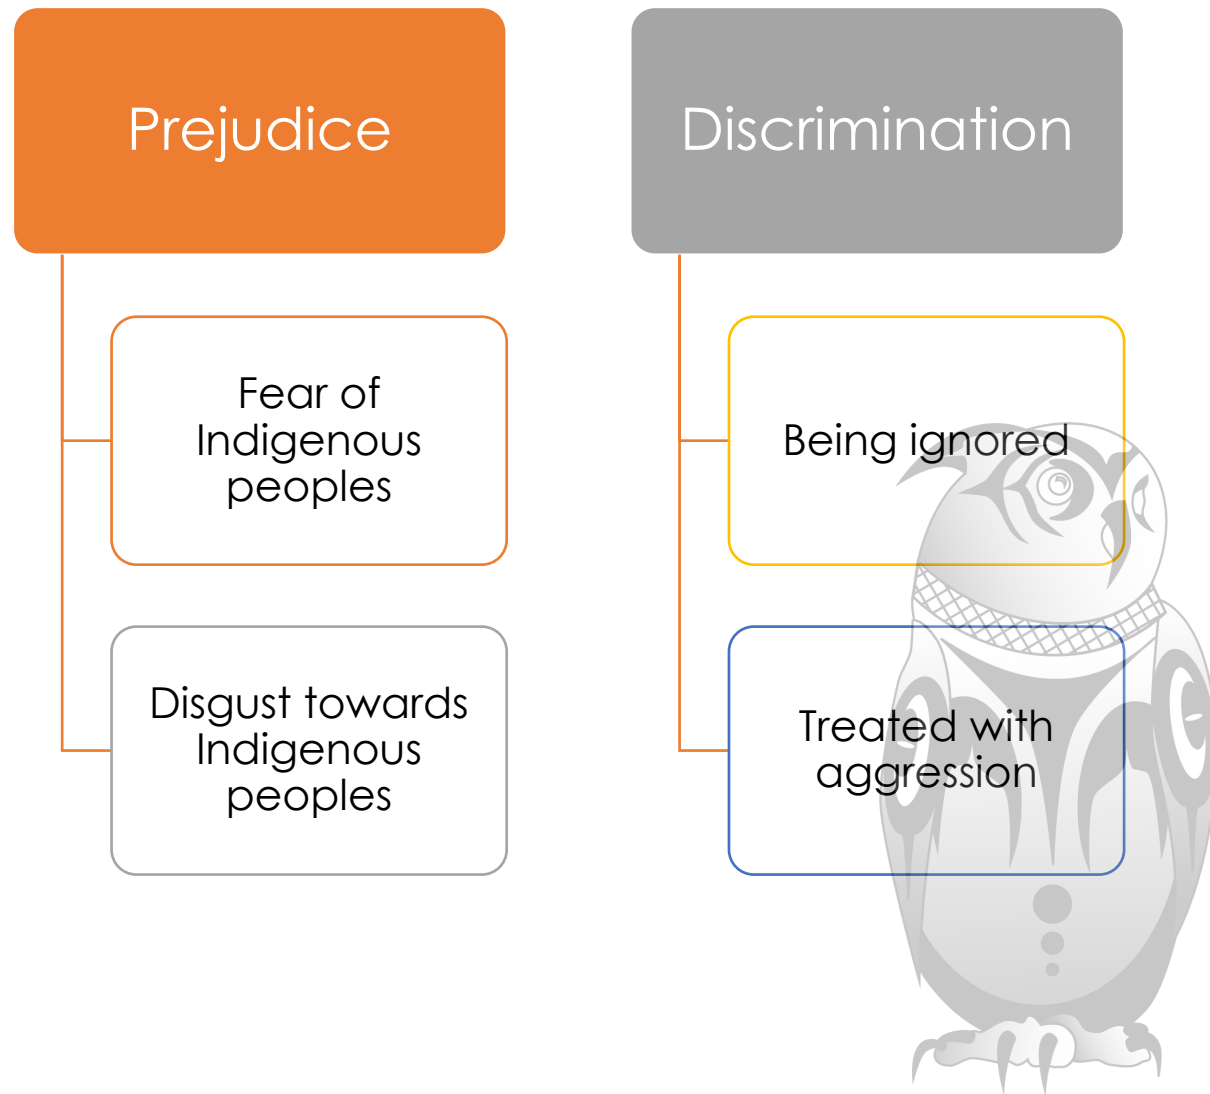

Cultural Safety & Anti-racism tools

Canadian Socialization:

- School
- Peers
- Friends
- Media: news & TV
- Social media
- Myths
- Family narratives
- Segregation
- Erasure of Indigenous peoples

PART 2: Understanding colonialism in Canada

PART 3 Embedding Cultural Safety into Organizations

Misconceptions about racism

Proximity to Indigenous peoples

Often professionals will use proximity to justify engaging or disengaging in ICS initiatives. The reality is that proximity is irrelevant to ICS. The IPSR asserts that systemic change is required; and we all work in that system that needs to transform.

"We treat everyone the same"

In the Canadian context there is a "socialization" that hardwires the belief we need to treat everyone equally which perpetuates culturally safety, discrimination, and bias. This is why all we commit to equity-oriented care. The "equality" over equity upholds the status quo which is shown to harm Indigenous peoples.

"Racism doesn't exist here"

Racism and institutional oppression are often seen or interpreted as not occurring in their context. Systemic racism and institutional oppression are embedded into colonial structures and systems.

"Racism is easy to spot"

90% of racist acts, behaviours, or systemic manifestations are covert (socially acceptable)

The pathway to harm

Colonial ideology

"They just need to get over it"

Stereotypes

Don't 'feel pain'
Drug seeking
Drunk
Bad parents
Non-compliant
Less capable
Less worthy

Prejudice

Patronizing, pity,
anger, resentment,
hostility, disgust,
contempt

Discrimination

Ignored, labelling,
violence, aggression,
maltreatment,
avoidance, denial of
care, misdiagnosis

SECTION 03

What is cultural safety?

Cultural safety is an outcome based on **respectful engagement** that recognizes and strives to **address power imbalances** inherent in colonial systems. It results in an environment **free of racism and discrimination**, where people **feel safe** when receiving services.

Cultural Safety Pitfalls

1

Equity, Diversity, & Inclusion

Develop Indigenous Specific

2

Multiculturalism

Erases Indigenous peoples

3

Only focusing on culture

The principle is Truth before Reconciliation

4

Sensitivity vs. Advocacy

Focus on justice doing over sensitivity

Embedding Cultural Safety:

Professional Practice	Processes	Physical Places	Policies
<ul style="list-style-type: none">• Make a commitment• Make a Reconciliation Reflection Journal• Advocate for change• Be an ally• Speak up• Lead the change• Learn how to be anti-racists• Learn about Two-Eyed Seeing• Read/research about decolonizing methodologies	<ul style="list-style-type: none">• Job postings• Hiring• Performance reviews• Feedback processes• Team meetings• Orientation and onboarding• National Truth and Reconciliation Day• Reconciliation Committee	<ul style="list-style-type: none">• Territorial Acknowledgements• Local Indigenous art contracts• Wellness rooms• Naming of spaces• Architecture• Medicine corners• Sacred Spaces• Naming buildings, wings, and spaces in the local Indigenous language	<ul style="list-style-type: none">• Territory acknowledgements• Anti-racism policy statements• UNDRIP Policy Statements• Education and Training Initiatives• Organization-wide recognitions• Decolonization policy, clauses, and amendments

Introduction to Coast Salish History & Culture

Why Coast Salish History?

Our history is rich
Our history is our resilience
Our history is our strength
Our history is our connection with our ancestors
Our history is our ancient identity
Our history is connected to the land, water, air, and animals
Our history has much to offer to all future generations

Existing Knowledge of Coast Salish People (pre-contact)

Very Familiar?

Somewhat Familiar?

Not at all familiar?

A PLACE-BASED PEOPLE

Sto:lo = People of the river

Xwulmuxw = People of the land

Entire Lower mainland of BC and into the US

Archeological evidence dates back as far as 14,000 years ago

Waterways play significant role in transportation, trade, conflict, and seasonal campsites

Si:yam

Higher Status
Families

Lower status families

Slaves

Societal Structure

GOVERNANCE

Si:yam system

House leadership

Unanimous decision only

Matters of “state”

Democratic

No superior leader

Patriarchal & Matriarchal system

Matrilineal system

FAMILY AND CHILD REARING

Community Parenting

Multiple words for “mom” and “dad”

Grand & Great Grand Parents held authority

System of empowerment

Practical honouring of child gifts

Mentored into community roles at young age

EDUCATION & TRAINING

Occurred from birth to death

Elders were the professors

Education was practical and according
to your gifts

Less emphasis on gender roles

Special medicine and leadership training

Faith of Coast Salish People
